This application has been reviewed on: After talking with all the positive comments on the product, I was a little skeptical. I am happy to report that I was wrong. Most of the time I have come across screensavers, this one has come close to my expectations. I can highly recommend it to everyone. Rating: Comment I am using Best Free Screensaver on my laptop. It's been going for about a month now and I am very happy with the outcome. Now I am not really a graphics kind of guy but I don't think there is a better option for desktop screen savers. Rating: Comment This one is a must have for your computer. Best Free Screensaver is for the most part a classic screensaver. It's very easy to use. It doesn't bog down your computer like some other screensavers do. You can set the time before the screensaver activates. Rating: Comment Best Free Screensaver is one of the best screensavers around. A fun way to do away with the monitors blank time, Best Free Screensaver is a smooth screensaver. No flashy animations, no rollovers and no sound. What is included is your choice of pictures. There are several more options available if you don't want a standard slideshow. Rating: Comment To be honest, I liked the concept, but the program wasn't very good. They do say that it runs on Windows XP but I haven't tried this on Windows 8 yet. It's not bad for a free screensaver. It's not bad for a free screensaver. Rating: Comment
