Download the SendBlaster Pro Edition 4.3.5 Multilingual. SendBlaster is a professional software developed by theSendBlaster Pro Edition 4.3.5 Multilingual is a professional software developed by theMediaSoft Technologies team. SendBlaster works on.Q: How to remove TFS 2010 revision history I had a TFS repository for a project, and I accidentally added an old version of the project to TFS (like ~1 year old), and I'm now trying to remove it. But TFS shows every file is a "Revision" and it shows all the revisions of the project, so I can't remove it. How can I get rid of it? I tried to delete the files, change the project type, but it still appears in TFS. A: Revisions in TFS are an auditable record of changes that went into source control. It
